

Capability Statement

SAFE TRAFFIC MANAGEMENT (STM)

Safety-first traffic management backed by experienced safety professionals, digital compliance, and operational accountability.

What We Do

Owned and operated by experienced safety professionals | practical leadership, risk control, and a strong safety culture

Safety-first operations | every decision made with safety and risk control at the core

Qualified traffic control personnel | highly trained, ticketed and site ready

Rapid mobilisation & responsive support | crews and supervisors ready when you need us

Temporary Traffic Management operations | compliant set-up, operation and removal

Lane, shoulder & pedestrian management | maintaining safe and efficient site access

Night works & emergency response | rapid response when it matters

Safety-led site monitoring, compliance reporting & operational accountability | proactive oversight to keep your project safe and compliant

Why Choose STM
